

COUPON CUTTER

NEW

The Coupon Cutter makes the cutting of weld test coupons quick and easy. This efficient tool can be used for any procedure requiring removal of a section of the pipe wall on pipe sizes 4" (102 mm) and larger. A magnetic attachment is used to rapidly fasten the machine to the pipe. The Coupon Cutter now includes a torque spline Feed Screw for rapid torch advance if required.

COUPONS | Perfect for cutting test coupons for API, ASME and AWS welder certification

TESTING | Accurately cuts the same size coupon over and over

VERSATILITY | Use gas or plasma torches

Item Number	Item/ Assembly Description	Cuts Coupons	MSRP
03.0300.000	Coupon Cutter	2" x 12" (51 mm x 305 mm)	

An excellent tool for making coupons for bend, tensile strength, and hardness tests.
